Public Works

- Projects:
 - The contractor for the LC-17 Flood Project has been removing trash and debris from the creek and is preparing to install the gabion mattresses at the Bandera Road bridge. They are also continuing to remove dirt from the creek bottom and install topsoil. They had hoped to

hydroseed several areas before the rains. The contractor is hoping to reach substantial completion of their project in July.

- The streets for the FY 2020 Street Maintenance Project have been chosen, and bid documents are expected to be advertised this weekend.
- The new crosswalk project along Huebner and Poss Roads will start at the end of May. The contractor has already changed out the signal head in the left turn lane on Huebner at Evers, to allow signal controlled left turns.
- The City will be receiving \$1,346,000 from Bexar County to complete a flood remediation project in the Seneca West area. Surveying and engineering have begun, and plans are being developed.
- The City Engineer has prepared an irrigation and planting plan for the vacant lot at Peachtree and Poss. We will be requesting quotes for this work.
- Bexar County has resumed the installation of the HALT flood gates along Evers and Poss Roads. The poles and gates have been installed on the concrete pads. These new gates will flash, open, and close on their own as they sense floodwaters rising.
- The City Engineer/Architect is preparing plans and specifications for the Community Center remodel. We expect to advertise bids for this work in July.
- We are excavating the roadbase for the last remaining segment of work along El Verde Road in front of the fire station. Work on this portion is expected to take two weeks (weather permitting), then the concrete will have to cure before the roadway is completely opened.
- We are installing road chevrons on Thunderbird Lane at the curve.
- We removed downed trees and branches at the park and other places around city.
- Spraying weeds in right-of-ways.
- We completed the park restroom renovation.
- We moved records from the old records storage building to City Hall for further storage or destruction. Once the building is completely empty, Public Works Crews will raze the old building.
- We mowed Silo, Old Mill, and The Ridge at Leon Valley parks.
- We mowed and trimming in Mow Zone 3 (Grissom and Sawyer).
- We took all auction items to dealer for disposal.
- We repaired a leak on Deer Lane.
- We repaired a leak on Kinman.
- We repaired the water valve on Poss at Bandera.
- We repaired the curbstop on Stirrup Lane.
- We flushed dead-end water mains.
- We mowed well sites.
- Training
 - Maintenance Crew Leader Rudy Martinez has completed Certified Pool Operator training and passed the test. We now have a Certified Pool Operator on staff!
 - Maintenance Crew Foreman Michael Tristan will be taking the class to become a Licensed Irrigation Technician on the 28th and 29th of this month.
 - Utility Crew are rescheduling classes for continuing education credits.
