

CITY OF LEON VALLEY
INTEROFFICE MEMORANDUM

DATE: March 4, 2025
TO: Mayor Chris Riley and City Council Members
FROM: Crystal Caldera, City Manager
SUBJECT: Pre-City Council Meeting Report

Projects

In addition to outside agency review constraints, these projects may also be delayed by weather and supply chain slowdowns.

Public Works

- Staff presented the Capital Improvements Plan to the City Council on October 19th. A short presentation was given in November on potential funding from the Texas Water Development Board and EPA. This item was presented to the Town Hall meeting participants on January 25th and will now go back to the City Council for a final decision on whether to increase water and sewer rates.
- The final draft of the Park Master Plan was recommended for approval by the Park Commission on December 12th. The Plan has been placed on the city website for 30 days to gather any last-minute input from the citizens, and it will be presented to the City Council for final approval on March 18th.
- The City Engineer is working on plans for the FY 25 Street Maintenance Project. This year we will tackle a portion of Wurzbach Road.
- Staff is evaluating the water and sewer main priority list to determine which mains to replace as a project for this spring.
- Staff is finishing up the easement agreements for right of way along William Rancher and along Aids Drive.
- Staff has completed the draft FY 26 budget for Public Works, Parks, and the Enterprise System.
- Staff is working on the condemnation process to gain ownership of the portion of Zarzamora Creek in front of 5601 Bandera Road.

Additional Public Works Activities

- Repairing trail at Raymond Rimkus Park.
- Crew is reviewing signage along all city streets to determine which signs need to be replaced due to damage or dilapidation. They have completed Monte Robles Park and new signage is being ordered for that area.
- Placing dog kennels in service.
- Repairing a/c at library.

- Beginning Mow Zone 1 (Evers/Huebner)
- Ordering topsoil for repairs to sidewalks from main breaks. Replacing dead meters.
- Changing filters and greasing pumps at wells.
- Repairing fire station sprinkler system.
- Assisting resident with sewer backup on Linkway.
- Performing inspections at Seneca Trails for sewer main installs.
- Repairing trail at Raymond Rimkus Park. Ordering 33 tons of asphalt for project.
- Installing “stop ahead” signs and roadway markings along Rue Francois.
- Crew is reviewing signage along all city streets to determine which signs need to be replaced due to damage or dilapidation.
- They have completed Monte Robles Park and new signage is being ordered for that area.
- Getting ready and assisting for Earthwise Living Day event.
- Placing hangtags and disconnecting/reconnecting services.
- Replacing curbstop on Cherryleaf at Poss.

PW GRANTS

- The engineer continues designing the El Verde Water Main Replacement Project. This project is being funded with a \$1,300,000 Bexar County ARPA grant. The project will be advertised for bids in April.
- A Bexar County CDBG grant for replacing the sewer main in the alley between Cammie Way and Evers Rd was awarded January 7th. The project is being engineered, designed, and will be advertised for bids.
- The City Engineer received direction from the City Council to follow a new alignment for the Huebner Creek Erosion Control Project and has redesigned it to follow the existing creek. Staff applied for a Texas Water Development Board (TWDB) Flood Infrastructure Fund (FIF) grant and a FEMA Flood Mitigation (FMA) grant for project funding.
- The CDBG East of Wurzbach Sewer Main Replacement Project, awarded to Texas Utilities, is starting their work this week.
- Staff and the City Engineer continue to develop the plans for the Hike & Bike Trail Segment II and have met with TxDOT for a review of the 30% engineering and design. We have submitted plans for environmental and bridge review. The trail is a part of a reimbursement grant from the Federal Highway Administration and TxDOT. Letting the project for bids is expected in October of 2025.
- Staff applied for a grant to acquire the services of a Forester. The grant will pay a salary for about three years. The Forester would be used to monitor Oak wilt disease, review tree removal requests, assure tree permits are being inspected, determine the condition of city trees in various parks, and make recommendations for removal or replacement of trees.
- Staff has applied for a grant for a Hike & Bike Trails Master Plan from the AAMPO. This grant will pay \$100,000 for a planning document for the city’s trail and shared path system. The city does not have a matching funds requirement, so if granted, the work would be performed at no charge to the city.
- Staff applied for a grant from the AAMPO for the Hike & Bike Trail Segment 3. The trail will connect at Evers Road and align with Huebner Creek up to Bally at the

northern city limits line and connect to the City of San Antonio's trail system, which is already in engineering and design.

- Staff is applying for a grant from Bexar County CDBG to install a new sewer main along Locker Lane. Property owners along this street have on-site sewage facilities (septic tanks) that are or have been failing due to age and several owners have asked the city if they could connect their properties to the city's wastewater system.

- Processed one (1) Crime Victim Division Requests from the Texas Attorney General's Office.
- Processed three (3) LVFD/EMS Subpoenas with Affidavits, Reference No. 6894608-11.
- Submitted the Wording for the May 03, 2025, City of Leon Valley General Election Ballot to Bexar County Elections Department.

PENDING PROJECTS:	ESTIMATED COMPLETION DATE:	STATUS
• Working on a Handbook for Boards, Commissions, Committees, and Liaisons	Monday, April 7, 2025	In Progress - 10% Complete
• Working on a Disaster Recovery Plan for Municipal Records	Wednesday, December 31, 2025	In Progress - Reviewing other Cities

FIRE DEPARTMENT

- The Fire Department would also like to remind residents that if they have a fire hydrant in front of their home, all obstructions within 3’ of all sides needs to be cleared. Obstructions around the fire hydrants makes it hard to find during emergencies and could slow establishing a water supply during a fire.
- Please remember that the LVFD is always willing to help change smoke detector batteries for residents who need assistance, please contact us and we will schedule an appointment.
- The Fire Department needs non-perishable food, dry goods, diapers and formula to replenish our Community Care Box. Please donate what you can and if you are in need, we are here to help.
- The Fire Department is actively upgrading and automating our flood warning system. Our current system requires physical contact to activate the sirens. During situations requiring flood siren activation, the LVFD crews are usually performing water rescues or blocking roads that have become flooded and not located in the FD. These flood warning system upgrades will allow remote activation and/or automatic siren activation once water levels meet designated thresholds.
