EXECUTIVE ORDER GA 26

Relating to the expanded opening of Texas in response to the COVID-19 disaster.

WHEREAS, I, Greg Abbott, Governor of Texas, issued a disaster proclamation on March 13, 2020, certifying under Section 418.014 of the Texas Government Code that the novel coronavirus (COVID-19) poses an imminent threat of disaster for all counties in the State of Texas; and

WHEREAS, in each subsequent month effective through today, I have renewed the disaster declaration for all Texas counties; and

WHEREAS, the Commissioner of the Texas Department of State Health Services (DSHS), Dr. John Hellerstedt, has determined that COVID-19 represents a public health disaster within the meaning of Chapter 81 of the Texas Health and Safety Code; and

WHEREAS, I have issued executive orders and suspensions of Texas laws in response to COVID-19, aimed at protecting the health and safety of Texans and ensuring an effective response to this disaster; and

WHEREAS, I issued Executive Order GA-08 on March 19, 2020, mandating certain social-distancing restrictions for Texans in accordance with guidelines promulgated by President Donald J. Trump and the Centers for Disease Control and Prevention (CDC); and

WHEREAS, I issued Executive Order GA-14 on March 31, 2020, expanding the social-distancing restrictions for Texans based on guidance from health experts and the President; and

WHEREAS, I subsequently issued Executive Orders GA-16, GA-18, GA-21, and GA-23 over the course of April and May 2020, aiming to achieve the least restrictive means of combatting the threat to public health by continuing certain social-distancing restrictions, while implementing a safe, strategic plan to Open Texas; and

WHEREAS, as normal business operations resume, everyone must act safely, and to that end, this executive order and prior executive orders provide that all persons should follow the health protocols recommended by DSHS, which whenever achieved will mean compliance with the minimum standards for safely reopening, but which should not be used to fault those who act in good faith but can only substantially comply with the standards in light of scarce resources and other extenuating COVID-19 circumstances; and

WHEREAS, the “governor is responsible for meeting ... the dangers to the state and people presented by disasters” under Section 418.011 of the Texas Government Code,

NOW, THEREFORE, I, Greg Abbott, Governor of Texas, by virtue of the power and authority vested in me by the Constitution and laws of the State of Texas, and in accordance with guidance from DSHS Commissioner Dr. Hellerstedt and other medical advisors, the Governor's Strike Force to Open Texas, the White House, and the CDC, do hereby order the following on a statewide basis effective immediately:

In providing or obtaining services, every person (including individuals, businesses, and other legal entities) should use good-faith efforts and available resources to follow the minimum standard health protocols recommended by DSHS. Nothing in this executive order or the DSHS minimum standards precludes requiring a customer to follow additional hygiene measures when obtaining services. Individuals are encouraged to wear appropriate face coverings, but no jurisdiction can impose a civil or criminal penalty for failure to wear a face covering.

People shall not visit nursing homes, state supported living centers, assisted living facilities, or long-term care facilities unless as determined through guidance from the Texas Health and Human Services Commission (HHSC). Nursing homes, state supported living centers, assisted living facilities, and long-term care facilities should follow infection control policies and practices set forth by HHSC, including minimizing the movement of staff between facilities whenever possible. Notwithstanding anything herein to the contrary, the governor may by proclamation add to the list of establishments or venues that people shall avoid visiting.

This executive order supersedes Executive Order GA-23, but does not supersede Executive Orders GA-10, GA-13, GA-17, GA-19, GA-20, GA-24, or GA-25. Sample Letter to Residents/Pool Patrons

Dear Residents,

The Governor of the State of Texas has decreed that public pools may open beginning May 8, 2020, at the sole discretion of the municipal owner. The Leon Valley City Council has made the decision to open the Forest Oaks Community Pool, 6221 Evers Road, on July 1, 2020. The Leon Valley Community Pool, located at 6600 Strawflower, is to remain **closed** for the summer.

The opening of the pool **does NOT warranty safety or eliminate the risk of contracting the virus.** Your health and safety are your own responsibility, and you should make informed decisions based upon personal preference and all governmental mandates, CDC, and local health department recommendations. Neither the pool management company, nor the City of Leon Valley as an entity, is responsible for your health. Please adhere to all mandates and recommendations listed below. In addition, pool patrons should take their own steps to ensure their own sanitization. This is not the responsibility of the City or of the pool management company, although both are taking as many sanitation precautions as is feasible at the facility.

From the Governor's website: "The virus that causes COVID-19 can be spread to others by infected persons who have few or no symptoms. Even if an infected person is only mildly ill, the people they spread it to may become seriously ill or even die, especially if that person is 65 or older with pre-existing health conditions that place them at higher risk. Because of the hidden nature of this threat, everyone should rigorously follow the practices specified in these protocols, all of which facilitate a safe and measured reopening of Texas. The virus that causes COVID-19 is still circulating in our communities. We should continue to observe practices that protect everyone, including those who are most vulnerable."

Here are the guidelines and safety protocols that must be followed while at the pool:

- No more than 60 pool patrons (50% of facility occupancy maximum) may be in the facility at the same time.
- Pool patrons will maintain at least six feet of separation from others not within the individual's group. The individual's group may not exceed the greater of the individual's household or up to five individuals who go to the pool together.
- Do not go to the pool if you feel sick, or if a member of your household is sick.
- Wash or disinfect hands after any interaction with employees, other customers, or items.
- Consistent with the actions taken by many individuals across the state, consider wearing cloth face coverings (over the nose and mouth), while out of the water.
- Other than snorkel masks and swim goggles, face coverings are not allowed while in the water.
- Clean and sanitize recreational water equipment before and after use.

Sample Letter to Residents/Pool Patrons

- Individuals aged 65 or older are at a higher risk of COVID-19. To the extent possible, avoid contact within six feet with individuals aged 65 and older. Individuals aged 65 and older should stay at home as much as possible.
- Persons with children should consider whether or not their children are able to maintain social distancing while in a pool facility.

We hope everyone remains safe and healthy. It is important that everyone know and remember that opening the pool does **NOT** warranty that pool patrons and staff are safe from the virus. Each person visiting the pool will be required to sign a “hold harmless” agreement indemnifying the City and the San Antonio Pool Management Company, prior to being allowed entry into the facility.

For questions regarding the use of this pool, please feel free to call us at (210) 684-1391 or email at m.moritz@leonvalleytexas.gov.

CITY OF LEON VALLEY POOL FACILITY COVID-19 WARNING

- The danger of exposure to the coronavirus that causes COVID-19 exists.
- By entering the pool, you take responsibility for your own protection and for disinfecting your hands and anything you touch in the pool area.
- Do not enter this facility if you have a cough, fever, or other symptoms of illness. Self-screen before going to the pool or other public open space for any of the following new or worsening signs or symptoms of possible COVID-19:
 - Cough, shortness of breath or difficulty breathing, chills, repeated shaking with chills, muscle pain, headache, sore throat, loss of taste or smell, diarrhea, feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit, known close contact with a person who is lab confirmed to have COVID-19
- Wash or disinfect hands after any interaction with employees, other customers, or items in the pool facility.
- Maintain at least 6 feet of distance between you and other people who are not a part of your household, whether you are in or out of the water.
- Strongly consider wearing a face covering when you are not in the swimming pool or with your household members – especially in the restrooms, near the snack bar, or in the foyer.
- Clean and sanitize recreational water equipment before and after each visit to the pool.
- Individuals aged 65 or older are at a higher risk of COVID-19. To the extent possible, avoid contact within six feet with individuals aged 65 and older. Individuals aged 65 and older should stay at home as much as possible.
